SCOTLAND

Our Vocal Jazz Ensemble is an auditioned group of 18 enthusiastic and committed singers who wish to share our enthusiasm for jazz harmony singing with as many audiences as possible to encourage others to take up this 'feel good' art form.

We sing exciting jazz arrangements of many of the great jazz standards, inspired by groups such as Manhattan Transfer, Phil Mattson Singers, Singers Unlimited, New York Voices, The Real Group...and many other outstanding vocal jazz ensembles and jazz singers.

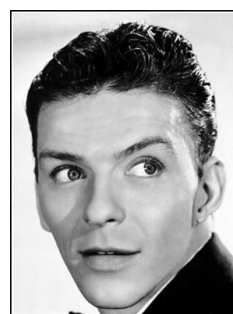

We are now looking for experienced choral singers to join us either as permanent members or as deputies in all sections, especially basses.

If you wish to learn the Art of Vocal Jazz and perform with professional jazz musicians at various concerts and events in 2018... then now is the time to get in touch with us.

- We rehearse on Wednesday nights from 10th January at 7.30pm.
- We rehearse in Strathclyde University's James Weir Building, Montrose Street, Glasgow City Centre.
- For more information on how to get involved please email: carol@jazzchoirscotland.co.uk

The only thing better than singing is **more singing.**
- Ella Fitzgerald

Only sing - don't do cheap songs, don't do silly songs, just do, just do wonderful songs that are well-written.
